An Act concerning family leave and disability benefits and amending various parts of the statutory law.

Be it Enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of P.L.2018, c.10 (C.34:11D-3) is amended to read as follows:

3. a. An employer shall permit an employee to use the earned sick leave accrued pursuant to this act for any of the following:

(1) time needed for diagnosis, care, or treatment of, or recovery from, an employee's mental or physical illness, injury or other adverse health condition, or for preventive medical care for the employee;

(2) time needed for the employee to aid or care for a family member of the employee during diagnosis, care, or treatment of, or recovery from, the family member's mental or physical illness, injury or other adverse health condition, or during preventive medical care for the family member;

(3) absence necessary due to circumstances resulting from the employee, or a family member of the employee, being a victim of domestic or sexual violence, if the leave is to allow the employee to obtain for the employee or the family member: medical attention needed to recover from physical or psychological injury or disability caused by domestic or sexual violence; services from a designated domestic violence agency or other victim services organization; psychological or other counseling; relocation; or legal services, including obtaining a restraining order or preparing for, or participating in, any civil or criminal legal proceeding related to the domestic or sexual violence;

(4) time during which the employee is not able to work because of:

(a) a closure of the employee's workplace, or the school or place of care of a child of the employee by order of a public official or because of a state of emergency declared by the Governor, due to an epidemic or other public health emergency; or because of;

(b) the declaration of a state of emergency by the Governor, or the issuance by a health care provider or the Commissioner of Health or other public health authority of a determination that the presence in the community of the employee, or a member of the employee's family in need of care by the employee, would jeopardize the health of others;

(c) during a state of emergency declared by the Governor, or upon the recommendation, direction, or order of a healthcare provider or the Commissioner of Health or other authorized public

official, the employee undergoes isolation or quarantine, or cares
for a family member in quarantine, as a result of suspected exposure
to a communicable disease and a finding by the provider or
authority that the presence in the community of the employee or
family member would jeopardize the health of others; or

(5) time needed by the employee in connection with a child of
the employee to attend a school-related conference, meeting,
function or other event requested or required by a school
administrator, teacher, or other professional staff member
responsible for the child's education, or to attend a meeting
regarding care provided to the child in connection with the child's
health conditions or disability.

b. If an employee's need to use earned sick leave is foreseeable,
an employer may require advance notice, not to exceed seven
calendar days prior to the date the leave is to begin, of the intention
to use the leave and its expected duration, and shall make a
reasonable effort to schedule the use of earned sick leave in a
manner that does not unduly disrupt the operations of the employer.
If the reason for the leave is not foreseeable, an employer may
require an employee to give notice of the intention as soon as
practicable, if the employer has notified the employee of this
requirement. Employers may prohibit employees from using
foreseeable earned sick leave on certain dates, and require
reasonable documentation if sick leave that is not foreseeable is
used during those dates. For earned sick leave of three or more
consecutive days, an employer may require reasonable
documentation that the leave is being taken for the purpose
permitted under subsection a. of this section. If the leave is
permitted under paragraph (1) or (2) of subsection a. of this section,
documentation signed by a health care professional who is treating
the employee or the family member of the employee indicating the
need for the leave and, if possible, number of days of leave, shall be
considered reasonable documentation. If the leave is permitted
under paragraph (3) of subsection a. of this section because of
domestic or sexual violence, any of the following shall be
considered reasonable documentation of the domestic or sexual
violence: medical documentation; a law enforcement agency record
or report; a court order; documentation that the perpetrator of the
domestic or sexual violence has been convicted of a domestic or
sexual violence offense; certification from a certified Domestic
Violence Specialist or a representative of a designated domestic
violence agency or other victim services organization; or other
documentation or certification provided by a social worker,
counselor, member of the clergy, shelter worker, health care
professional, attorney, or other professional who has assisted the
employee or family member in dealing with the domestic or sexual
violence. If the leave is permitted under paragraph (4) of
subsection a. of this section, a copy of the order of the public
official or the determination by the health authority shall be
considered reasonable documentation.

c. Nothing in this act shall be deemed to require an employer to
provide earned sick leave for an employee's leave for purposes
other than those identified in this section, or prohibit the employer
from taking disciplinary action against an employee who uses
earned sick leave for purposes other than those identified in this
section. An employer may provide an offer to an employee for a
payment of unused earned sick leave in the final month of the
employer's benefit year. The employee shall choose, no later than
10 calendar days from the date of the employer's offer, whether to
accept a payment or decline a payment. If the employee agrees to
receive a payment, the employee shall choose a payment for the full
amount of unused earned sick leave or for 50 percent of the amount
of unused earned sick leave. The payment amount shall be based on
the same rate of pay that the employee earns at the time of the
payment. If the employee declines a payment for unused earned
sick leave, or agrees to a payment for 50 percent of the amount of
unused sick leave, the employee shall be entitled to carry forward
any unused or unpaid earned sick leave to the proceeding benefit
year as provided pursuant to subsection a. of section 2 of this act. If
the employee agrees to a payment for the full amount of unused
earned sick leave, the employee shall not be entitled to carry
forward any earned sick leave to the proceeding benefit year
pursuant to subsection a. of section 2 of this act.

d. If an employer foregoes the accrual process for earned sick
leave hours pursuant to subsection a. of section 2 of this act and
provides an employee with the full complement of earned sick leave
for a benefit year on the first day of each benefit year, then the
employer shall either provide to the employee a payment for the full
amount of unused earned sick leave in the final month of the
employer's benefit year or carry forward any unused sick leave to
the next benefit year. The employer may pay the employee the full
amount of unused earned sick leave in the final month of a benefit
year pursuant to this subsection only if the employer forgoes, with
respect to that employee, the accrual process for earned sick leave
during the next benefit year. Unless an employer policy or
collective bargaining agreement provides for the payment of
accrued earned sick leave upon termination, resignation, retirement
or other separation from employment, an employee shall not be
titled under this section to payment of unused earned sick leave
upon the separation from employment.

e. Any information an employer possesses regarding the health
of an employee or any family member of the employee or domestic
or sexual violence affecting an employee or employee's family
member shall be treated as confidential and not disclosed except to
the affected employee or with the written permission of the affected 
employee.  
(cf: P.L.2018, c.10, s.3)

maximum of 90 calendar days, during which a person is laid off or 
furloughed by an employer due to that employer curtailing 
operations because of a state of emergency declared after October 
22, 2012, shall be regarded as time in which the person is employed 
for the purpose of determining eligibility for leave time under this 
act. In making the determination, the base hours per week during

   (1) the issuance by a healthcare provider or the commissioner or other public health authority of a determination that the presence in
the community of a family member may jeopardize the health of others; and

(2) the recommendation, direction, or order of the provider or authority that the family member be isolated or quarantined because of suspected exposure to the communicable disease.

m. "State of emergency" means a natural or man-made disaster or emergency for which a state of emergency has been declared by the President of the United States or the Governor, or for which a state of emergency has been declared by a municipal emergency management coordinator.

(cf: P.L.2019, c.37, s.1)

3. Section 4 of P.L.1989, c.261 (C.34:11B-4) is amended to read as follows:

4. An employee of an employer in this State subject to the provisions of this act shall be entitled to a family leave of 12 weeks in any 24-month period upon advance notice to the employer in the manner specified by the provisions of sections 11 and 12 of P.L.2008, c.17 (C.43:21-39.2 and 43:21-39.3), unless the employer denies family leave to the employee pursuant to subsection h. of this section.

a. In the case of a family member who has a serious health condition, the leave may be taken intermittently when medically necessary, in the manner specified by the provisions of section 11 of P.L.2008, c.17 (C.43:21-39.2).

b. In the case of the foster care placement, birth or adoption of a healthy child, the leave may be taken intermittently in the manner specified by the provisions of paragraph (2) of subsection a. of section 12 of P.L.2008, c.17 (C.43:21-39.3).

c. Leave taken because of the birth or placement for adoption of a child may commence at any time within a year after the date of the foster care placement, birth or placement for adoption.

d. Family leave required by this act may be paid, unpaid, or a combination of paid and unpaid leave. If an employer provides paid family leave for fewer than 12 workweeks, the additional weeks of leave added to attain the 12-workweek total required by this act may be unpaid.

e. An employer may require that any period of family leave be supported by certification issued by a duly licensed health care provider or any other health care provider determined by the director to be capable of providing adequate certification.

(1) Where the certification is for the serious health condition of a family member of the employee, the certification shall be sufficient if it states: (a) the date on which the serious health condition commenced; (b) the probable duration of the condition; and (c) the medical facts within the provider's knowledge regarding the condition;
(2) Where the certification is for the birth or placement of the child, the certification need only state the date of birth or date of placement, whichever is appropriate. In any case in which the employer has reason to doubt the validity of the certification provided pursuant to paragraph (1) of this subsection, the employer may require, at its own expense, that an employee obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the employer. If the second opinion differs from the certification provided pursuant to paragraph (1) of this subsection, the employer may require, at its own expense, that an employee obtain an opinion from a second health care provider designated or approved, but not employed on a regular basis, by the employer and the employee concerning the serious health condition. The opinion of the third health care provider shall be considered to be final and shall be binding on the employer and the employee.

f. In any case in which the necessity for leave under this act is foreseeable, based upon placement of a child into foster care an expected birth or placement of the child for adoption, the employee shall provide the employer with prior notice of the expected birth or placement of the child for adoption or foster care in the manner specified by the provisions of section 11 of P.L.2008, c.17 (C.43:21-39.2).

g. No employee shall, during any period of leave taken pursuant to this section, perform services on a full-time basis for any person for whom the employee did not provide those services immediately prior to commencement of the leave.

h. An employer may deny family leave to the employee if:

(1) The employee is a salaried employee who is among the highest paid 5% of the employer's employees or the seven highest paid employees of the employer, whichever is greater;

(2) The denial is necessary to prevent substantial and grievous economic injury to the employer's operations; and

(3) The employer notifies the employee of its intent to deny the leave at the time the employer determines that the denial is necessary.

The provisions of this subsection shall not apply when the family leave is due to a health care provider, the Commissioner of Health or other authorized public official having ordered, directed, or recommended that a family member of the employee in need of care by the employee be isolated or quarantined, or is due to a place of care of a member of the employee’s family being closed because of a state of emergency declared by the Governor or order of the Commissioner of Health or other authorized public official, during an epidemic of a communicable disease, or a known or suspected exposure to a communicable disease.

i. In any case in which the leave has already commenced at the time of the notification pursuant to paragraph (3) of subsection h. of
this section, the employee shall return to work within 10 working
days of the date of notification.
(c: P.L.2019, c.37, s.2)

the benefit year commences, which amount shall be adjusted to the
next higher multiple of $1.00 if not already a multiple thereof,
extcept that if in any calendar week an individual subject to this
paragraph is in employment with more than one employer, the
covered individual may in that calendar week establish a base week
with respect to each of the employers from whom the covered
individual earns remuneration equal to not less than the amount defined in this paragraph during that week.

(5) In the case of an individual who is laid off or furloughed by an employer curtailing operations because of a state of emergency declared after October 22, 2012, any week in which the individual is separated from employment due to that layoff or furlough, up to a maximum of 13 weeks, shall be regarded as a week which is a "base week" for the purpose of determining whether the individual becomes eligible for benefits pursuant to subsection (d) or (e) of section 17 of P.L.1948, c.110 (C.43:21-41), but shall not be regarded as a base week when calculating the "average weekly wage" pursuant to subsection (j) of this section.

(j) (1) "Average weekly wage" means, with respect to the payment of benefits commencing before the effective date of P.L.2019, c.37 (C.43:21-45.2 et al.), the amount derived by dividing a covered individual's total wages earned from the individual's most recent covered employer during the base weeks in the eight calendar weeks immediately preceding the calendar week in which a period of disability commenced, by the number of such base weeks, and, with respect to the payment of benefits commencing on or after the effective date of P.L.2019, c.37 (C.43:21-45.2 et al.), the amount derived by dividing a covered individual's total wages earned from the individual's most recent covered employer during the base weeks in the base year immediately preceding the calendar week in which a period of disability commenced, or in which the individual submits a claim for the benefits pursuant to subsection h. of section 10 of P.L.2008, c.17 (C.43:21-39.1) or paragraph (3) of subsection (a) of section 25 of P.L.1948, c.110 (C.43:21-49), by the number of base weeks.

(2) With respect to the payment of benefits commencing before the effective date of P.L.2019, c.37 (C.43:21-45.2 et al.), if the computation in paragraph (1) of this subsection (j) yields a result which is less than the individual's average weekly earnings in employment with all covered employers during the base weeks in such eight calendar weeks, then the average weekly wage shall be computed on the basis of earnings from all covered employers during the base weeks in the eight calendar weeks immediately preceding the week in which the period of disability commenced, and, with respect to the payment of benefits commencing on or after the effective date of P.L.2019, c.37 (C.43:21-45.2 et al.), if the computation in paragraph (1) of this subsection (j) yields a result which is less than the individual's average weekly earnings in employment with all covered employers during the base weeks in the base year, then the average weekly wage shall be computed on the basis of earnings from all covered employers during the base weeks in the base year immediately preceding the week in which the period of disability commences, or in which the individual submits a claim for the benefits pursuant to subsection h. of section

(3) For periods of disability commencing on or after July 1, 2009 and before the effective date of P.L.2019, c.37 (C.43:21-45.2 et al.), if the computations in paragraphs (1) and (2) of this subsection (j) both yield a result which is less than the individual's average weekly earnings in employment with all covered employers during the base weeks in the 26 calendar weeks immediately preceding the week in which the period of disability commenced, then the average weekly wage shall, upon a written request to the department by the individual on a form provided by the department, be computed by the department on the basis of earnings from all covered employers of the individual during the base weeks in those 26 calendar weeks, and, in the case of a claim for benefits from a private plan, that computation of the average weekly wage shall be provided by the department to the individual and the individual's employer.

When determining the "average weekly wage" with respect to a period of family temporary disability leave for an individual who has a period of family temporary disability immediately after the individual has a period of disability for the individual's own disability, the period of disability is deemed to have commenced at the beginning of the period of disability for the individual's own disability, not the period of family temporary disability.

(k) "Child" means a biological, adopted, or foster child, stepchild or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, including a child who becomes the child of a parent pursuant to a valid written agreement between the parent and a gestational carrier.

(l) "Domestic partner" means a domestic partner as defined in section 3 of P.L.2003, c.246 (C.26:8A-3).

provided that any time taken by an individual who has been a victim
of an incident of domestic violence, or a sexually violent offense for
which the individual receives benefits for a disability caused by the
violence or offense shall be regarded as a period of disability of the
individual and not as a period of family temporary disability leave.

"Family temporary disability leave" does not include any period
of time in which a covered individual is paid benefits pursuant to
P.L.1948, c.110 (C.43:21-25 et al.) because the individual is unable
to perform the duties of the individual's employment due to the
individual's own disability.

of Health or other public health authority, "serious health
condition" shall also include an illness caused by an epidemic of a
communicable disease, a known or suspected exposure to a
communicable disease, or efforts to prevent spread of a
communicable disease, which requires in-home care or treatment of
the employee or family member of the employee due to:

(1) the issuance by a healthcare provider or the commissioner or
other public health authority of a determination that the presence in
the community of the employee or family member may jeopardize
the health of others; and

qualifying weeks or wages in the last four completed calendar
quarters immediately preceding the period of disability, "alternative
base year" means the last three completed calendar quarters
immediately preceding the individual's benefit year and, of the
calendar quarter in which the period of disability commences, the
portion of the quarter which occurs before the commencing of the
period of disability. The division shall inform the individual of the
individual's options under this subsection. If information regarding
weeks and wages for the calendar quarter or quarters immediately
preceding the period of disability is not available to the division
from the regular quarterly reports of wage information and the
division is not able to obtain the information using other means
pursuant to State or federal law, the division may base the
determination of eligibility for benefits on the affidavit of an
individual with respect to weeks and wages for that calendar
quarter. The individual shall furnish payroll documentation, if
available, in support of the affidavit. A determination of benefits
based on an alternative base year shall be adjusted when the
quarterly report of wage information from the employer is received

STATEMENT

This bill is designed to assure that workers impacted by
epidemics of communicable diseases have access to leave needed to
care for themselves or for effected members of their families.
The bill expands the scope of the State’s temporary disability
insurance (TDI) law, P.L.1948, c.110 (C.43:21-25 et al.), so that
workers may obtain TDI or family leave insurance (FLI) benefits by
expanding that law’s definition of a “serious health condition” for
which a worker may obtain the benefits, either for the worker’s own
condition in the case of TDI benefits, or for the condition of a
family member of the worker cared for by the worker in the case of
FLI benefits. The bill states that during a state of emergency
declared by the Governor, or, as found to be needed by the
Commissioner of Health or other public health authority, a “serious
health condition” includes an illness caused by an epidemic of a
communicable disease, a known or suspected exposure to a
communicable disease, or efforts to prevent spread of a
communicable disease, which:

1. in the case of FLI benefits, prompts the issuance by a public
health authority of a determination that the presence in the
community of the worker’s family member in need of care by the
worker would jeopardize the health of others; or

2. in the case of FLI or TDI benefits, results in the
recommendation of a healthcare provider or public health authority
that a worker, or a family member of the worker in need of care by
the worker, voluntarily undergo self-isolation or self-quarantine as a
result of suspected exposure to a communicable disease because the
presence in the community of that worker or family member would
jeopardize the health of others.

The bill also eliminates the current one-week waiting period for
disability benefits in the indicated epidemic-related cases.

The bill modifies the "Family Leave Act," P.L.1989, c.261
(C.34:11B-1 et seq.) so that the rights to reinstatement to
employment provided to workers by that act are applied to the
epidemic-related cases indicated in the bill, and modifies P.L.2018,
c.10 (C.34:11D-1) so that the earned sick leave provided by that law
is provided in all of the epidemic-related cases indicated in the bill.
