

## Technology Council Fact Sheet

Membership in NJAMHAA's Technology Council provides representatives from your company with the extraordinary opportunity to meet and discuss ideas and information with NJAMHAA's membership, comprised of 164 hospital-based and freestanding community mental healthcare, substance use disorder (SUD) treatment and intellectual/developmental disability (I/DD) service providers, and other providers contracted with the Division of Mental Health and Addiction Agencies. It is open to any technology company that offers a product of interest to this population.

### What does NJAMHAA do?

NJAMHAA members —**all potential customers for your business**—and may be found in every county and almost every community statewide. They serve more than 500,000 children and adults each year and employ a significant segment of the state's workforce.

Connecting with the Technology Council will enable you to create valuable new business opportunities and strengthen existing customer relations. In addition, membership offers the opportunity to meet and discuss issues of mutual interest with representatives from all of the NJAMHAA member agencies; other mental health, SUD, I/DD and children's stakeholders and government officials in New Jersey through special forums, such as specialized IT conferences and trainings, product demonstrations and user groups.

### Technology Council Benefits
